 Ultrasound by RN: Nurse to confirm presentation by limited OB ultrasounds, not to be done in Radiology
 Observation Discharge Order: Specify criteria for discharge _____
(MD to specify criteria)
- Apply telemetry monitoring
 May leave floor without telemetry

RESPIRATORY

- Oxygen 10L mask Prn

NUTRITION

- NPO
 Clear Liquid Diet
 Regular Diet

IV FLUIDS

- Lactated Ringers IV to run at 125 mL/Hr
 Sodium Chloride 0.9% IV to run at 125 mL/Hr
 Saline lock IV. Saline Flush Peripheral IV with 2 mL IV Push Q 8 Hrs and after each IV medication dose.
RN to contact Pharmacy to DC IV Fluid order(s) when IV Fluid is converted to saline lock.

MEDICATIONSAnalgesic medications

- Acetaminophen (Tylenol) 650 mg Po x 1 dose Prn HA and mild pain (scale 1-3).
Total Acetaminophen not to exceed 4,000 mg/24 Hrs
 MorphINE 5 mg IM x 1 dose Prn moderate pain (scale 4-6).

GU medications: Tocolytics

- Terbutaline (Brethine) 0.25 mg SubQ x 1 dose now. MR x 1 in 20 mins if UC continue. Hold if HR is > 120.

Other medications: _____

***All labs/diagnostics will be drawn/done routine now unless otherwise specified**

BLOOD BANK

- Kleinhauer Betke- STAT

LABORATORY - Hematology

- Complete Blood Count (CBC)
 Hemogram (HMG)
 Fern Test

OB L&D OBSERVATION V23_11.07.12 OK FOR PRINTING

ZYNX - NONE

MEDITECH NAME: OB L&D OBSERVATION

MEDITECH MNEUMONIC:OB.LDOBS

MICHELE GENOVA/KANOFSKY

V:\SJO ORDERSETS\ORDER SETS\OB-GYN\OB L&D OBSERVATION ALL VERSIONS

LABORATORY – Chemistry

- Fetal Fibronectin
- Rupture of fetal membranes - Cervical swab

LABORATORY – Chemistry (PIH Panel)

- Urea Nitrogen Blood (BUN)
- Creatinine
- Aspartate Amino Transferase (AST/SGOT)
- Alanine Aminotransferase (ALT/SGPT)
- Uric Acid

LABORATORY – Coagulation

- Disseminated Intravascular Coagulation (DIC) Profile

LABORATORY - Urine

- Urinalysis Reflex Culture (UATC)

DIAGNOSTICS - Ultrasonography

- Ultrasound: Biophysical profile Reason for exam: _____
- Ultrasound: OB Complete < 14 WKS Reason for exam: _____
- Ultrasound: OB Complete \geq 14 WKS Reason for exam: _____
- Ultrasound: OB Fluid Quantification Reason for exam: _____
- Ultrasound: OB Limited Reason for exam: _____
